INDUSTRIAL LAUNDRY · WASH-POWER BOOSTER

kreussler TEXTILE CARE

DERVAL

Bright

Liquid, highly concentrated wash-power booster with optical brightener. Particularly efficient on natural oils and fat, even at 60 °C. For white cotton, polyester and blends.

MAIN WASH	TEMPERATURE	BRIGHTENER	SHELF LIFE
3–5 ml/kg	**60–70 °C**	**Yes**	**24 months**

CHARACTERISTICS

- Perfect removal of vegetable oils and grease from white textiles.
- Excellent whiteness on cotton and polyester thanks to a specific optical brightener system.
- Perfectly adapted for combination with DERVAL POWER.
- Easily dosable thanks to low viscosity and good miscibility with water.
- Indifferent to water hardness.
- Causes no problems in wastewater treatment facilities.

TECHNICAL DATA

Appearance	**Clear, violet, fluorescent liquid**
Density	**0.98 g/ml**
Viscosity	**69 mPa·s (20 °C)**

APPLICATION AND DOSAGE

APPLICATION	DOSAGE	TEMPERATURE
Pre-wash	**2–10 ml/kg**	30–50 °C
Main wash	**3–5 ml/kg**	60–70 °C
Neutral detergent	**3–7 ml/kg**	30–70 °C
Wetting agent	**1 ml/kg**	30–70 °C

USE AND STORAGE

Minimum shelf life of 24 months in closed containers. Before use, bring to at least 10 °C. Product temperatures below 5 °C may impair the proper function of dosing equipment.
